SKILLS

- **AI & Machine Learning:** Retrieval-Augmented Generation (RAG), Large Language Models (LLMs), Agentic Workflows, Agentic Document Extraction (ADE), Vision Language Models (VLM), Vector Embeddings, Prompt Engineering, Model-Graded Evaluation
- **Frameworks & Libraries:** LangChain (LCEL), LangGraph, LlamaIndex, LlamaParse, Pinecone, OpenAI API, Anthropic Claude (API/Cowork/Skills), Fathom AI (MCP)
- **Software Engineering & Ops:** Python, C#, Java, JavaScript, SQL (SSMS), ASP.NET Core MVC, HTML/CSS, PHP, Git, Linux (CLI), CI/CD (CircleCI), LLMOps
- **Data & Automation:** Microsoft Graph API, OpenXML, Azure AI Search, Excel/Word Automation, HubSpot, Slack API, Web Scraping / Browser Automation

EDUCATION

Dominican University, River Forest - Bachelor of Science - Computer Science

GRAD DATE - MAY 2027

- **GPA: 3.9/4.0** | Phi Theta Kappa Honor Society | Highest Level Transfer Merit Scholarship
- **Relevant Coursework:** Algorithm Analysis & Design, Data Structures, Database Design, Artificial Intelligence, Operating Systems, Data Science.

PROFESSIONAL EXPERIENCE

Datatelligent – Glen Ellyn

JAN 2026 - PRESENT

AI IMPLEMENTATION INTERN

- **Led a self-directed AI adoption initiative** across Solutions, Growth, and Operations, taking Fathom (AI notetaker) from vendor evaluation through org-wide deployment and pilot troubleshooting, reducing recurring documentation overhead by **75%+** across pilot teams.
- **Designed and scaled a browser-automation lead-generation pipeline** (Claude in Chrome/Cowork) across nearly **1,000 higher-ed institutions**, matched against IPEDS data for a scored Growth target list.
- **Developed a Boolean search-engine sourcing strategy** for identifying subject-matter experts and podcast guests via LinkedIn's public index, achieving stronger candidate signal by anchoring queries to named conferences/associations rather than generic job titles.
- **Built an automated data pipeline** joining federal CIP-SOC crosswalk, BLS/OEWS education, and state wage/employment data to map **50+** academic programs to labor-market outcomes, delivering client-ready workbooks used in accreditation and enrollment decisions.

North Riverside Public Library - North Riverside

JAN 2024 – JAN 2026

CIRCULATION CLERK & TECH EXPERT

- **Resolved 95%+ of technological issues** for patrons by providing clear, user-friendly troubleshooting and solutions for diverse hardware and software challenges.
- **Managed the SWAN Library database** to optimize regional connectivity and enhance collaboration among Chicago suburban library systems.

CERTIFICATIONS & CONTINUING EDUCATION

DeepLearning.AI

2026 - PRESENT

AI SOLUTIONS SPECIALIZED TRAINING

- Completed intensive coursework in LLMOps, LangChain Application Development, Production-Ready RAG, and Automated Testing for LLMs.
